Summary

Enthusiastic Software Engineer skilled in Java, SQL and web technologies with experience in data modeling and enterprise applications. Strong problem-solving abilities with internship experience in order management systems. Seeking to contribute technical expertise to innovative software development projects.

Skills

Programming & Querying: Java, SQL

Web Development: J2EE, HTML, CSS, Java Script

Data Analysis: Data Modeling

Experience

Software Developer Intern

Feb 2025 – May 2025

Hotwax Systems (Onsite)

Tools Used: Java, SQL, FTL

- Developed and maintained order management systems, enabling clients to efficiently manage products, orders, and shipments.
- Earned hands-on experience in **data modeling, java based services and events for enterprise applications.**
- Debugged existing modules and applied new features based on client requirements and business needs.
- Collaborated with team members to design, test, and deploy scalable enterprise software solutions effectively.

Projects

Student Data Management | *Java, SQL*

April 2024 – May 2024

- Developed a **Java-based Student Data Management System with layered architecture.**
- Executed CRUD operations and sorting functionalities across data, business, network and presentation layers in the projects.
- The project employs socket-based network programming for client-server communication, with AWT providing a simple, responsive user interface.

Real-time White Board | *Java*

June 2024 – July 2024

- Created a real-time whiteboard built using Java and AWT.
- It has features like pencil with different colors, eraser with sized, and download boards.
- Used network programming for communication between client and server, and multi-threading for creating multi-threading server.

Awards & Certifications

- **Java – Udemy (2024):** Completed core and advance java training, focused on network programming, multi-threading and jdbc API etc.
- **Front-end Web Development – 2023:** Got knowledge of HTML for content structure, CSS for styling and JavaScript for Interactivity.

Education

B. Tech Computer Science

Graduated: 2025

Mahakal Institute of Technology, Ujjain

CGPA: 7.87 / 10
